Hello Maryites!

Summer Reading may not be on the Top Ten of your list of things to do this summer, but it can definitely benefit you in the long run!

Summer reading activity prevents learning loss; it is the ideal summer activity; and it can involve friends and family to be fun. Reading can help you academically by improving your fluency, vocabulary, and comprehension. During the summer time, reading can help you to retain and enhance your reading skills; and act as a bridge from one academic year to the next. Please take some time to Google the effects of summer reading to get more information summer bridge program.

You will receive information on your Mandatory Summer Reading later this Spring via email and it will also be posted on our website. There are mandatory summer readings for each English Level. When you receive your summer reading information, please read and complete your summer assignment prior to school opening in the Fall.

Should you have any questions about the summer reading assignments please email one of our English Department Faculty members. (Email addresses can be found on our website at www.smaneworleans.com/faculty-staff-directory or via RenWeb.)
